

The Avios Thank You Appeal

Earlier this year, Avios Group teamed up with British Airways to launch the Avios Thank You Appeal. The idea was to raise as many Avios as possible for healthcare workers, to say thank you for the amazing work they've been doing during the COVID-19 emergency.

We asked millions of British Airways Executive Club Members to join us in donating their Avios to healthcare workers, and with their help we raised an incredible **305 million** Avios – that's enough to thank **5090** workers in the UK!

5090 workers will receive enough Avios to buy a flight for that well-deserved getaway, a trip to the theatre with their loved ones, or a weekend away in a relaxing hotel.
