

It's almost time!

You'll shortly be invited by email to book a slot to collect your new Vodafone iPhone.

For a smooth transition, it is really important that you do the following 3 things...

1

Book your appointment at least 24 hours in advance!

Please do not book your appointment on the day you receive your invitation email as we require at least 24 hours for licences to sync to your profile.

2

Know your Cost Code!

You'll be asked to provide your Cost Code to collect your new phone - please have it to hand.

3

Save your Contacts!

It is very important to save your contacts to your sim card before you collect your new phone. For more information on how to do that click the links:
