

Adult Palliative Care Guidelines and Opioid Conversion Guidelines now available on Microguide App

There are new guidelines available on the Microguide App Under “Belfast Health and Social Care Trust.” The guide is called “Adult Palliative Care Guide,” and it contains the following information:

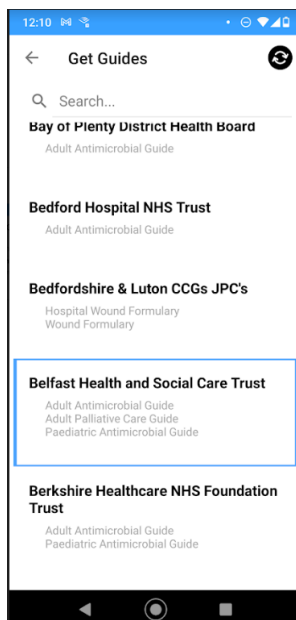

1. End of Life Care
2. Opioid Conversion
3. Opioid Toxicity
4. COVID-19 Guidelines
5. Communications Tools (for difficult conversations and advance care planning)

The guide is available directly on a desktop computer. Just click the following link:

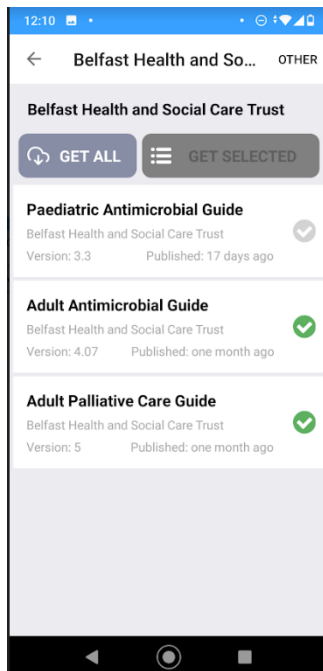

<https://viewer.microguide.global/BHSCT/APCG>

Alternatively, you can find the guide on your phone:

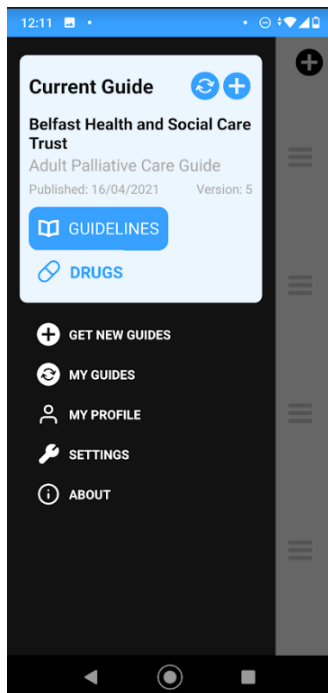

1. Go to your app store and download Microguide
2. After you have set the app up on your phone, go to “Get Guides.”
3. Search for “Belfast Health and Social Care Trust”

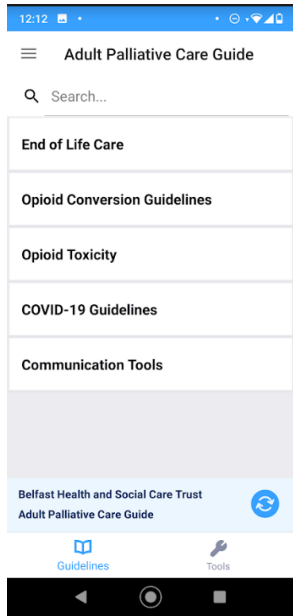

4. Select any guides you wish to have on your phone

5. Click “Get Selected”
6. To access the guidelines, click on “My Guides”

7. You should see the following screen. Click on any of these tabs to access the relevant information.

Contact chris.black@belfasttrust.hscni.net for any queries.
