

Belfast Trust Reader Panel

Now Open for Submissions from across the Trust

The Belfast Trust has recently created a Reader Panel. The group is made up of service users who have volunteered to help the Trust ensure we are providing good quality, understandable and accessible information to our service users and the public.

To make sure information is:

- **easy to read**
- **understandable**
- **free of jargon**
- **meets service users needs**
- **laid out well**

Leaflets
Online information
Emails
Letters
Short booklets

If your service would benefit from the Reader Panel support, or you would like more information, please contact the involvement team for more details.
