

In the initial pilot stage, the Phlebotomy Centre served patients from Hepatology, and Endocrine services at MPH and operated 5 days per week. This has now been extended to cover the following specialities, who have already onboarded or are in process of onboarding to Phlebotomy Centre.

Hepatology	Diabetes
Endocrinology	Gastroenterology
Vascular Surgery	Haemophilia
Community Mental Health Services	Children & Adolescent Mental Health Service
Cardiology (inc Heart failure & cardiac rehab teams)	Respiratory
HRT & Gynae Endocrine	Neurosciences – Neurology & Neurosurgery
Gynaecology - Recurring Pregnancy	Immunology
Oral Medicine, School of Dentistry	Adult Cystic Fibrosis
Eating Disorder service	ENT/Head & Neck Cancer
Lipid Service	Bariatric Surgery
Oral surgery	Dermatology
Genitourinary/HIV Medicine	Nephrology
Stroke Services	Oncology
Haematology	Rheumatology
Urology	General Surgery

Patient activity is currently around 400-450 pts per week covering full range of blood tests (except bloods on ice and time-limited receipt), urine collection and BP/BMI. Patient feedback has been very positive for the combined drive-through and in-house facility. Appointment letters are issued and followed up by phone call to confirm appointments. Transport and interpreters can be organised when requested. An additional Phlebotomy service is now provided at the Mater Hospital each Friday to try to cater for demand and may offer a viable alternative for people from north Belfast who may not have access to private transport.

Results of patient DNA Audit below

KPI's – capacity vs activity/DNA

Please could GPs encourage patients to attend Phlebotomy Hub appointments.

Spec on Referral	14/11/2020	Surge
Cardiology	20	97
Dentistry	4	12

Endocrinology	128	1986
ENT	2	12
Gastroenterology	28	383
General Med	27	107
General Surgery	16	153
Gynaecology	5	34
Haematology	7	26
Hepatology	77	1465
Immunology		8
Mental Health	3	14
Nephrology	0	8
Orthopaedics	1	30
Phlebotomy	1	5
Respiratory Med	6	43
Rheumatology	47	383
Urology	13	52
Total Attendance	400	4982

Please let us know which specialties are asking GPs to do bloods, and we'll link with these teams to bring them on board.
