3rd March 2021

All staff must attend their second vaccination appointment

It is important to have both doses of the vaccine to give you the best protection. While the first dose acts as an important immune response primer, the second dose is needed to boost your body's immune response to the COVID-19 virus providing the best protection for you.

In advance of your second vaccination, please update your personal information on the Belfast Trust Covid-19 App and remember to bring your vaccination card to your appointment.

Managers should remind staff to attend their second appointment.

Thank you to redeployed staff

Staff from all areas have stepped forward to support their colleagues in delivering high quality and compassionate care to patients who were very ill throughout the Covid response. We want to say thank you for everything, you should be incredibly proud of what you have achieved in the past year in very difficult circumstances. [Click here](#) or the image to watch the video.
