Section 3: Consideration of Equality and Good Relations Issues and Evidence Used

This section records the quantitative and qualitative data you have used to consider equality and good relations issues including:

- The assessment of impact on staff and service users
- The identification of mitigation factors to reduce/remove any adverse impact
- Opportunities to better promote equality of opportunity

Evidence to help inform the screening process may be quantitative and qualitative. For example: previous consultations and equality impact assessments (eqias), statistics, research, complaints, feedback, referrals, grievances, inspection reports, focus groups, user groups etc.

Quantitative Data: For staff data please contact Martin McGrath on 028 95 048353 / martin.mcgrath@belfasttrust.hscni.net

Qualitative Data: Consideration will be given to the different needs, experiences and priorities of each of the categories in relation to the policy / proposal.

Should any equality / modernisation related issues arise they will be managed through the Organisational Change Framework. [Click here for Framework](#)

When organisational / policy change is necessary, regardless of whether it is a permanent or temporary change, the Trust is committed to treating staff fairly and equitably. Staff can be assured that the change process will be managed. This includes consultation with staff and the opportunity for staff to discuss in one to one meetings, any adverse equality impacts resulting in changes to their employment.

This framework also works alongside other Human Resources policies including for example the Disability and Reasonable Adjustment Framework, the Work Life Balance Policy and Procedure, the Recruitment and Selection Policy and Procedure and Agenda for Change Terms and Conditions Handbook.
