Covid deaths in Northern Ireland

Under the FOI Act would it be possible if you could provide me with the following:

- 1. In Northern Ireland, how many deaths have occurred from March 2020 to present with from covid alone, without any other underlying health conditions.**
- 2. In Northern Ireland, how much Influenza deaths have occurred from March 2020 to March 2021, in comparison from March 2019 to March 2020**
- 3. The average age or the most common age group of people who have unfortunately passed away from Covid 19.**
- 4. How many people under 40 have passed away from Covid only, since March 2020.**
- 5. What is the average threshold of cycles used in the PCR used in Northern Ireland, during testing purposes.**

RESPONSE:

I suggest you contact the Public Health Agency (PHA) directly in order to obtain this information as there is a regional system to capture the detail you require.

You can submit a Freedom of Information request to the PHA by writing to:

Information Governance Manager Public Health Agency 12-22 Linenhall Street Belfast BT2 8BS or email: foi.pha@hscni.net
