

Covid-19 Deaths

- 1. The latest breakdown by age group of the numbers of those who have died with COVID to date.**
- 2. Within each age group can you provide a breakdown of those who have died with 1 or more underlying condition or alternatively the numbers of those who have died, within each age group with no underlying conditions?**

Response:

Questions asking about COVID death stats should be directed to NISRA who compile this information. Please find the link below.
