Covid-19

I have read in media reports that 70% of people receiving treatment in Belfast trust hospitals for covid 19 have not received one or both vaccines for covid 19.

- 1. Can you under the freedom of information act supply me with the figures?**

The vaccination status of individuals is recorded onto the Regional Vaccine Management System, to which Belfast Trust does not have full access. The Department of Health may be able to assist you with this question.

- 2. How many people in Belfast trust hospitals are being treated for covid 19 in Belfast trust hospitals from 1st July 2021 to September 2021?**

Between 1 July 2021 and 31 August 2021 (latest date for which information is currently available) there were 592 patients who were admitted to Belfast Trust who were Covid-19 positive.
