Transgender Identity Treatment

1. How many people have come forward to have transgender identity treatment in Northern Ireland over the past ten years?

Belfast Trust can only provide you with data from 2014 due to the change in our recording systems.

2014 = 170
2015 = 161
2016 = 271
2017 = 299
2018 = 229
2019 = 160
2020 = 143
2021 January – end of September = 135

2. Can it be broken into each year?

As above

3. What treatment is available for these people in NI?

The Gender Identity Service provides a range of services such as, Speech Therapy, Laser Hair Removal, Fertility, Endocrinology and Psychological Assessment

4. Over those years, how many individuals have been referred for treatment?

Following assessment and if appropriate all service users commence their treatment journey.

5. How many have undergone treatment?

As above all service users who are assessed and deemed suitable will commence a treatment journey.
