

Staff Briefing

STOP THE SPREAD. TAKE THE TEST.

It's quick and easy.
It doesn't hurt.
It will protect others.

Belfast Trust is rolling out rapid COVID-19 testing for all staff.

FLU vaccine
COVID-19 jab

BOOST
YOUR IMMUNITY
THIS WINTER

THE WINTER VACCINATION PROGRAMME IS NOW AVAILABLE FOR STAFF.

The Flu and Covid-19 booster vaccination will be held in the Vaccination Centre at the Royal Victoria Hospital and is open seven days a week from 08.30 to 17.30.

There are three options available:

- **Flu** Vaccination only
- **Flu and Covid-19** Booster (at the same time)
- **Covid-19** Booster only

Vaccines are the best way to boost your immunity. It's easy for us to pass on flu viruses or Covid-19 without knowing. This winter it is even more important to protect yourself, your family, colleagues, patients and service users.

FLU VACCINE

As with previous years, all staff are encouraged to have their annual flu vaccination. You can also receive a free flu vaccine, as part of the national flu immunisation programme, at participating community pharmacies across Northern Ireland.

COVID-19 BOOSTER

We would encourage all staff who are:

- Over 50 years of age
- A minimum of 6 months from their second dose

to get their COVID-19 booster vaccination at the Royal Victoria Hospital Vaccination Centre.

BELFAST TRUST LABORATORIES (BTL) USER SURVEY 2021

Every two years, [Belfast Trust Laboratories](#) issues a survey to its users to see how we can help improve their experiences.

Please help us to help you, by taking 5 minutes to tell us about the laboratory services you have used over the past 2 years and how we can better meet your needs.

It should take less than 5 minutes to complete. The survey will remain open until midnight on 31 Dec 2021. [COMPLETE THE ONLINE SURVEY VIA THIS LINK.](#)
