

16 February 2022

Number of Clinical Staff who have resigned from their jobs in Belfast Health and Social Care Trust since 1 January 2021

Under the Freedom of Information Act, could you please provide me with the number of clinical staff (doctors, nurses, consultants etc.) that have resigned from their jobs in the Belfast Trust since 1 January 2021?

Please see below headcount of Clinical leavers from January 2021

Area	Count of Trust H/C
Nursing and Midwifery	647
Allied Health Professions	274
Medical and Dental	772
Grand Total	1693

For clarification, I would confirm that for Medical and Dental leavers, the 772 leavers are broken down as follows:

- 679 are junior doctors who have transitioned to the single lead employer, i.e. NIMDTA
- 93 leavers
