## Faecal Calprotectin Tests Pathway

### Enquiry:

Do you have a clear pathway in primary care for the investigation of non-cancer related lower gastrointestinal symptoms that include the use of faecal calprotectin tests?

### Response:

The information requested is not held by Belfast Trust but is reasonably accessible by other means.

The pathway requested would fall under the care of GPs and should be available from the Strategic Planning and Performance Group (formerly the HSCNI Board) at the Department of Health.
