Royal Jubilee Maternity Hospital 2014

- 1. Firstly, I'd like to know how many labouring Operative Theatres were in operation at the Royal Jubilee Hospital on both days of 16 and 17 July 2014 please.**

Wednesday 16 and Thursday 17 July 2014 there were three obstetric theatres, 2 for elective work and 1 for emergency obstetric theatre cases.

In 2014 on July 17th, how many designated Surgical Operating Theatres were within in the Royal Jubilee Maternity Hospital Unit Belfast, not inclusive of any Emergency ad-hoc Theatres?

There were two.

- 2. Secondly how many Obstetrics Consultants and Fully Trained Midwives were actively present and on duty and their names please, both days as above please. (We would name Band 8A and above)**

There would have been two Consultant Obstetricians on duty in the morning (one performing elective / planned surgery and one for Delivery Suite). In the afternoon / evening there would have been one and during the night there would be one on-call from home.

Within the elective theatre environment:

On Wednesday 16 (according to E- Roster for RJMS Obstetric Theatre) there were two midwives rostered 07:45-15:45 and one midwife rostered 09:45 – 18:00hrs.

On Thursday 17 (according to E- Roster for RJMS Obstetric Theatre) there were two midwives rostered 07:45 -15:45 and one midwife 09:45 – 18:00hrs.

Names of consultant obstetricians as follows:

16 July 2014
CS List – Mary Murnaghan
Labour Ward Daytime – Niamh McCabe

17 July 2014
CS List – Agnieszka Zawislak
Labour Ward Daytime – Laura Doherty

- 3. If an ambulance is bringing a pregnant woman from one of the Provinces Midwife led Birthing Centres to a Hospital in an emergency situation with a view of immediate Surgical intervention, which Hospital**

10 January 2023

is the nominated destination for such? If none is the nominated Hospital, which hospitals were those available to service this Provincial need?

If an ambulance is bringing a pregnant woman from one of the Province's Midwife led Birthing Centres to a Hospital in an **emergency situation** they would be brought to the nearest obstetric led unit.

4. **In the month of July 2014 how many Elective Caesarian (requested) Section births took place at the Royal Jubilee Maternity Hospital? Could a biweekly or weekly figure also be given please for this month? Could I have the same for the months June and August of 2014 please, monthly totals only please.**
