Location of Painting in Belfast Trust

I am trying to source information on a painting that was dedicated to a person who was instrumental in the installation of the first MRI in the Royal Victoria Hospital. The painting was dedicated to Pauline Jackson and installed in Carrickmannon house. I now know the MRI has been relocated and Carrickmannon house no longer exists on site. Any information you could give me on the location of the painting or what has happened to it would be greatly appreciated

The artwork dedicated to Pauline Jackson is located in the Royal Victoria Hospital MRI Unit (see image attached).

The artwork is clearly signed by the artist Allan Bell, and dated 1994, but we have no further information on the artist.

The work was not listed on the available records relating to artwork at the Royal but will now be added to the records.

A project began in 2022 to secure resources to document Belfast Trust's collection of artwork across its hospital and community sites.
