## Prothrombin Complex and Fibrinogen Concentrat purchased in 2022

### Enquiry:

I want to submit an FOI request for the amount of Prothrombin Complex (in IU) and Fibrinogen Concentrate (in g) purchased by the trust in 2022 (the entire calendar year).

- Broken down by manufacturer (CSL Behring, Octapharma, Takeda, Bio Products Laboratory),
- By hospital and service ordering the products (General Surgery, Hepatology, ObGyn, etc.)

If available, I would also like to submit an FOI request for the ordered Cryoprecipitate and Fresh Frozen Plasma purchased in 2022.

### Trust response

Please see attachments.

Hospital codes used:

RV: Royal Victoria Hospital  
BCH: Belfast City Hospital  
MIH: Mater Infirmorum Hospital  
MPH: Musgrave Park Hospital  
RMH: Royal Jubilee Maternity Hospital

### Please note:

Belfast Trust Blood Bank supplies blood and blood products to both Lagan Valley Hospital and Downe Hospital in the South Eastern Trust.

On occasion, other hospitals can request these products from us, in this case Antrim Area Hospital in the Northern Trust has.
