

9 November 2023

Gateway Referrals from ED and PICU Departments

- 1. Number of Social work referrals made to the Gateway Team by ED Dept. and PICU departments in whole number and as a percentage of patients seen. Please provide breakdown by each dept. annually for the previous 3 years.**

We do not have a specific code for PICU as a referral source.

Attached in a separate Excel spreadsheet - Paris referral report for the period 01/04/2020 – 31/03/2023, split into three reporting years - count of those referrals that were received from ED departments, Children's UNOCINI referrals only included.

The % of overall number of referrals received also provided in attached spreadsheet.

- 2. Number of social work referrals that were closed as inappropriate referral. Please provide breakdown by each dept. annually for the previous 3 years.**

Attached in separate Excel spreadsheet - Paris discharge report for all referrals to Gateway for period 01/04/2020 – 31/03/2023, split into three reporting years.

Children's UNOCINI referrals only included.

Count provided of those who were discharged during the period using the code 'Inappropriate Referral'.

- 3. Number of social work referrals made by Deputy Sister Grade in PICU.**

There is no specific code for PICU as a referral source and therefore Belfast Trust is unable to provide this information.

- 4. Number of social work referrals made as a result of a sports injury relating to rugby, football, martial arts, and hockey. Please provide breakdown by each dept. annually for the previous 3 years and by sport.**

Information not held by Belfast Trust.
