Posters Paid for by Belfast Trust in Last 3 Years

This is an information request relating to posters paid for by the Trust in the last 3 financial years, and the current year to date (2019/20, 2020/21, 2021/22 & 2022/23).

- **Total amount and cost of all posters paid for by the Trust, which are used in the hospitals, clinics, offices and other buildings of the Trust.**

There is no central system for recording this information.

Information concerning the amount and cost of all posters paid for by the Trust is not held, as much of the printing of posters is completed in-house and we would not be able to separate the cost of printing posters from other forms of communication such as leaflets, publications, patient letters or general office printing.

- **The total number of posters in foreign languages paid for by the Trust**

Belfast Trust uses a regional contract for translations. However, the Trust would not be able to advise how many translations have been made of posters, as this information is not recorded or held. There is no central register of translations, as there is no central budget and each service has to pay for their own translations.

- **The total cost of foreign language posters**

As above, there is no central system for recording this information and so Belfast Trust are unable to provide this.
