- If you have answered **No** to **all** of the above questions the policy may be **screened out** - go to **Screening Statement at 2.7.**

N.B: All Staff must complete their **mandatory equality, good relations and human rights training** once every five years. This can be booked via HRPTS or completed online at www.hsclearning.com. The online programme is called 'Making a Difference'. Belfast Trust Staff can also access a suite of equality and diversity training including: disability awareness, human rights and embracing diversity in HSC – please contact Lesley.Jamieson@belfasttrust.hscni.net for more information.

(2.7) Screening Statement :

This policy / proposal is ‘**screened out**’ on the basis that: (please tick)

- √ It is a purely clinical or technical nature and has **no relevance** or **impact (actual / potential)** in terms of **equality of opportunity, disability duties, good relations and human rights.**
- √ It aims to standardise practice and / or achieve best practice based on current evidence.
- √ **Reasonable adjustments** will be made for patients/service users as required including any information e.g. leaflets / letters in accessible/alternative formats

NB: Accessible/ Alternative formats can include, for example, information in easy to read formats or audio formats when the patient/service user has a learning disability or is visually impaired. For advice on making information accessible and inclusive for disabled patients/service users, click [Making Communication Accessible guidance.](#) . In addition, if a patient/service user does not speak English as his/her first language, an interpreter / sign language interpreter should be provided and written information should be translated as appropriate.

√ Any other reasons: Please detail.

The Radiotherapy Department are mindful of the importance of information being accessible to all patients attending for radiotherapy treatment.

The team continually monitor the service, with input from service users, to identify areas with potential for improvement (e.g. staff education, patient education including alternative ways of delivering information such as audio/visual, other formats such as Easy Read, provision of Interpreters) and welcome opportunities to enhance the service.

Section 3: Consideration of Equality and Good Relations Issues and Evidence Used

This section records the quantitative and qualitative data you have used to consider equality and good relations issues including:

- The assessment of impact on staff and service users
- The identification of mitigation factors to reduce/remove any adverse impact
- Opportunities to better promote equality of opportunity

Evidence to help inform the screening process may be quantitative and qualitative. For example: previous consultations and equality impact assessments (eqias), statistics, research, complaints, feedback, referrals, grievances, inspection reports, focus groups, user groups etc.

Quantitative Data: For staff data please contact Martin McGrath on 028 95 048353 / martin.mcgrath@belfasttrust.hscni.net

Qualitative Data: Consideration will be given to the different needs, experiences and priorities of each of the categories in relation to the policy / proposal.

Should any equality / modernisation related issues arise they will be managed through the Organisational Change Framework. [Click here for Framework](#)

When organisational / policy change is necessary, regardless of whether it is a permanent or temporary change, the Trust is committed to treating staff fairly and equitably. Staff can be assured that the change process will be managed. This includes consultation with staff and the opportunity for staff to discuss in one to one meetings, any adverse equality impacts resulting in changes to their employment.

This framework also works alongside other Human Resources policies including for example the Disability and Reasonable Adjustment Framework, the Work Life Balance Policy and Procedure, the Recruitment and Selection Policy and Procedure and Agenda for Change Terms and Conditions Handbook.
