

**2 September 2024**

## **ACCESS TO INVESTIGATION OUTCOME AND AMOUNT PAID**

**I'm requesting the opportunity to request the outcome of the investigation and recommendation re; CCTV & audio equipment in 2012 within the Belfast City Hospital.**

**At a meeting with Brenda Creaney and members of the HR Department we were given the assurance that once the investigation was concluded that we would be given the outcome.**

**My understanding is that a number of security staff have received payment, and although I understand that their names are confidential my request is to know the amount provided.**

In May 2019, Miss Brenda Creaney wrote to those staff identified as being members of the security team employed in Belfast City Hospital during 2012.

Miss Creaney was writing in her capacity as the commissioner of an investigation pertaining to covert monitoring equipment in the kitchen/rest room area of the Security Department in Belfast City Hospital in or around 2012.

Within this correspondence, Miss Creaney advised that she accepted the investigation report and shared the recommendations of the report.
