Number of Patients on Routine Waiting List for Hip Replacement

I would appreciate if Musgrave Park Hospital would disclose exactly how many patients are on their waiting list specifically for hip replacement surgery, as at the date of sending this email (7 March 2025).

I understand that urgent cases are prioritised but this FOI request refers uniquely to patients who require hip replacement surgery and who, at the time of writing, fall into the hospital's 'routine' treatment category.

Within Orthopaedic services in BHSCT there are 1605 patients waiting for hip replacement graded as routine
