Paediatric Neuromuscular Clinic

I am requesting a Freedom of Information Request, pertaining to the amount of and the reasons of all complaints that have been lodged about Belfast Trusts Paediatric Neuromuscular (Muscle Clinic) I would like to access information going back to the last 10 years.

The Complaints service have completed a review of their system to determine the number of complaints lodged for Paediatric Neuromuscular services in the 10 year period June 2015-2025 inclusive and have confirmed that there have been 5 complaints for the service in that period.

Of these 5, 4 have been classified as relating to quality of treatment and care and 1 related to communication/ information.
