## **Policies, Procedures and/or Guidance on Jubilee Maternity Hospital at Belfast City Hospital**

**Please provide documentation on the Policies, Procedures and/or Guidance that the Jubilee Maternity Hospital at Belfast City Hospital, Lisburn Road, Belfast followed in relation to the hospital's handling of stillborn deaths in 1980-1982.**

The Belfast Health and Social Care Trust apologises on behalf of the current Royal Jubilee Maternity Services that we are unable to furnish the required documentation from 1980 -1982 from the Jubilee Maternity Service that ran in the Belfast City Hospital at that time. Having spoken to staff that have had long service and living memory of the amalgamation of service from the Belfast City Hospital to the Royal Hospital site, we are providing the attached which is a copy of guidance that had been used in the past but I do note that it is not dated so we therefore cannot confirm that this was in use in the time period specified.

We do hope this is of some help to the person asking for this information but we are sorry that we cannot provide the specific information requested, mainly due to the passage of time.

Please see attachment one – coping after stillbirth.
