**2. How many patients have been treated in the past 3 months with Marstacimab for Haemophilia B only?**

In response to both questions one and two, we supply treatment in line with the National Framework and report all diagnosis, treatments and regimes on a quarterly basis to the National Haemophilia Database provided by the United Kingdom Haemophilia Centre Doctors' Organisation (UKHCDO). Any individual / company can apply to the National Haemophilia Database for this information.

Under Freedom of Information Act 2000 this would be exempt under Section 21 Information accessible by other means. This is an absolute exemption and does not require a public interest test.
