## **GE Healthcare MAC 5 A4 12L ECG Machine**

- 1. Have you had any clinical issues with the ECG devices not meeting your clinical needs**

We have not had any clinical issues with the MAC 5.

- 2. Have there been any fault trends with your ECG devices?**

There have been no fault trends.

- 3. Has the ECG supplier provided you with good Training support?**

On request there was trainer support but this did not come as standard with every device.

- 4. Would you choose this supplier again to provide your Trusts ECG devices?**

Yes, but would also considering other devices of the market and what they offer, costing and integration with systems etc in line with standard procurement processes.
