I would like this data to be for the data months from May 2025 until the latest FULL available month.

Given the number of pharma companies and confidential pricing agreements BHSC have, this request would take substantially more than 18 hours to process this level of data. This would exceed the costs limit specified in the FOI act.

We estimate that compliance with this element of the request for information would exceed the appropriate costs limit. Under Section 12 of the Freedom of Information 2000, the limit has been specified as £450 and represents the estimated cost of one or more persons spending 18 hours in determining whether we hold the information, locating, retrieving and extracting this information.
