Belfast Trust Organisational Chart for Directors and Clinical Specialists

Please provide me with the Belfast Trust Organisational chart to include:

- **All Directors, Divisions and CDUs**
- **All Clinical Specialists and their Clinical Directors, including an Associate Clinical Directors**

Belfast Trust Directorate Structure - each Service Directorate within Belfast Trust is organised into Clinical Divisions.

Within each Clinical Division, services are grouped into Care Delivery Units (CDUs).

Responses to the questions above are attached in the separate Excel spreadsheet.

NB: Details are provided of the organisational structure for clinical services; there are separate organisational structures for non-clinical services.

Our structures do not include titles of "Clinical Specialist" or "Associate Clinical Director."
