Cellular Pathology – Third Party Processing

I would be grateful if you could provide information relating to third-party / private sector / independent sector providers where cellular pathology samples (histopathology and/or cytopathology) are processed and reported within the local Trust cellular Pathology Department.

Specifically, I am requesting the following information for the most recent financial year 2024-25, or if more appropriate, the last 12 months:

1. A list of third-party / private clinics engaging the local Trust laboratory to provide technical and/or professional pathology services (including, but not limited to, histology processing, specialist staining, digital pathology services, reporting support, or subspecialist review). Include the cost for each provider for this activity.

Private Requestor	Technical activity (number of cases)	Professional activity (number of cases)	List of all Sub-specialties involved	Cost (total cost to requestor over stated timeframe)
BELFAST PRIVATE GP	81	81	Skin	£12,506.59

TOTAL	4713	4713	-	£624,787.52

*Timeframe previous 12 months Jan 2025 to Dec 2025

Use of <5 (less than five): We are unable to provide an exact figure - exempt from release under Section 40(2) of the Freedom of Information Act - Personal Information relating to a third party, as the small numbers involved could make patients personally identifiable. Disclosure would constitute a breach of the principles of the General Data Protection Regulation 2018.

2. Please provide a price list for activity associated with cellular pathology for the processing and reporting of cases from the private sector.

For clarity technical service are associated with laboratory workload; specimen dissection, microtome sectioning, staining, digital scanning. Professional services relate to the reporting , second option, etc of cases by Pathologists.
