

01 April 2026

Oncology – Myelofibrosis and SCT

1. Does your trust treat Polycythaemia Vera (ICD10 code D45)? If no, please provide the name of the trust that you refer Polycythaemia Vera patients to?

2. How many patients were initiated on Ruxolitinib (Jakavi) in the past 6 months for the following conditions? (Patients are classed as initiated if they have not received any of the above treatments in the previous 6 months)
 - Myelofibrosis (ICD10 code D47.4)
 - Polycythaemia Vera (ICD10 code D45)
 - Graft vs Host Disease (GvHD) (ICD10 code T86.0 or D89.8) (SNOMED Code: SCTID: 234646005)

3. How many patients were initiated with the following regimens for any condition in the past 6 months? (Patients are classed as initiated if they have not received any of the above treatments in the previous 6 months)
 - Momelotinib
 - Fedratinib

4. How many patients were treated in the past 6 months for Polycythaemia Vera (ICD10 code D45) with?
 - Hydroxycarbamide
 - Interferon therapy

5. Of the myelofibrosis (ICD10 D47.4) patients receiving the following treatments in the past 6 months, please indicate how many were receiving their first systemic therapy

(First systemic therapy = patient has not previously received any drug treatment for myelofibrosis, including hydroxycarbamide, interferon therapy, JAK inhibitors, or other systemic therapy. Excludes a watch and wait approach.)

Treatment	First systemic therapy	Received prior systemic therapy
Ruxolitinib (Jakavi)		

01 April 2026

Fedratinib (Inrebic)		
Momelotinib (Omjjara)		

Belfast Trust does not hold this information centrally as electronic prescribing is not in place for Haematology. Retrieving the information would require a manual review of individual patient records. This process would exceed 18 hours of staff time and therefore goes beyond the cost limit set out under Section 12 of the Freedom of Information Act 2000.

The cost limit is £450, which represents the estimated cost of one or more staff members spending more than 18 hours determining whether the information is held, and locating, retrieving, and extracting it. As the work required would exceed this limit, we are not obliged to comply with this part of your request.
