Level of administrative support for Consultant Anaesthetists

We are undertaking a benchmarking exercise to better understand the level of administrative (Personal Assistant/secretary/administrative assistant) support provided to Consultant Anaesthetists/SAS Anaesthetists across NHS Trusts.

I would be grateful if you could provide responses to the questions in the attached excel document as they apply at your Trust at the time of response.

Please see completed attached Excel sheet for BHSCT Adults.

Please see Structure below for Adults

Please also see completed attached Excel sheet for BHSCT Paediatrics RBHSC.

Please see Structure below for Paediatrics
