Recruitment Statistics & Interview Scores for Senior Information Analyst campaign - ID 55462704

Under the Freedom of Information Act 2000, I would like to request anonymised recruitment data and scoring metrics regarding the recent recruitment process for the recent Senior Information Analyst campaign - ID 55462704. Please provide a numerical, anonymised breakdown of the following information:

Applicant Statistics:

The total number of applications received, broken down by internal and external applicants.

The total number of candidates shortlisted and invited to interview, broken down by internal and external status.

The recruitment status (internal vs. external applicant) of the successful candidate(s) appointed to the role(s).

Interview Scoring Matrix:

An anonymised copy of the final interview-scoring matrix, grid, or dataset showing the total interview points/scores allocated by the panel to each candidate who attended an interview.

Please ensure all identifying personal data is redacted in compliance with Section 40(2) of the Act, whilst clearly highlighting or indicating which score belonged to the successful appointee.

I understand that a valid request requires my real identity; therefore, my full name is provided below. I look forward to receiving this aggregated, numerical data within the statutory 20 working days.

Belfast Health and Social Care Trust do not hold this information.

This request should be redirected to the Business Services Organisation (BSO) for their Recruitment and Selection Shared Service Centre (RSSC) to respond.
