

2 September 2026

Treatment of Multiple Myeloma

1. **Over the past 6 months, how many adult multiple myeloma [MM] patients have you treated?**

Clinical coding response is for 6 months, September 2025 until February 2026, 148 patients treated.

2. **If you refer your multiple myeloma patients to another centre, please state which.**

Multiple Myeloma patients with suspected or actual Amyloidosis would be referred via Extra Contractual Referral to the National Amyloidosis Centre in University College London.
