Diabetes Prevention Programme

Please provide response to me via email response, with digital copies of the information received.

1. Number of people referred to the Diabetes Prevention Programme

Please provide the number of people diagnosed with prediabetes who have been referred to the Diabetes Prevention Programme, each year, within your Health and Social Care Trust, broken down by year:

Financial Year	Number of people diagnosed with prediabetes referred to Diabetes Prevention Programme
April 2022/ March 2023	849 referrals
April 2023/ March 2024	911 referrals
April 2024/ March 2025	878 referrals
April 2025/ March 2026	710 referrals

Please confirm if data is provisional, date of monitoring, and note where disclosure controls have been applied.

The Trust can confirm that the data is provisional due to changes in data collection systems and staffing arrangements. The data was extracted on the 7 August 2026. No disclosure controls have been applied.

2. Number of people commenced Diabetes Prevention Programme

Please provide the number of people diagnosed with prediabetes who have commenced the Diabetes Prevention Programme, each year, within your Health and Social Care Trust, broken down by year:

Financial Year	Number of people diagnosed with prediabetes who have commenced Diabetes Prevention Programme
April 2022/ March 2023	97 enrolled
April 2023/ March 2024	125 enrolled
April 2024/ March 2025	138 enrolled
April 2025/ March 2026	0 enrolled

10 September 2026

Please confirm if data is provisional, date of monitoring, and note where disclosure controls have been applied.

The Trust can confirm that the data is provisional due to changes in data collection systems and staffing arrangements. The data was extracted on the 7 August 2026. No disclosure controls have been applied.

3. Number of people completed Diabetes Prevention Programme

Please provide the number of people diagnosed with prediabetes who have completed the Diabetes Prevention Programme, each year, within your Health and Social Care Trust, broken down by year:

Financial Year	Number of people diagnosed with prediabetes
April 2022/ March 2023	60 completed
April 2023/ March 2024	74 completed
April 2024/ March 2025	9 completed
April 2025/ March 2026	113 completed

Please confirm if data is provisional, date of monitoring, and note where disclosure controls have been applied.

The Trust can confirm that the data is provisional due to changes in data collection systems and staffing arrangements. The data was extracted on the 7 August 2026. No disclosure controls have been applied.

4. Number of people on a waiting list to commence Diabetes Prevention Programme and how long they have been waiting

As of 31 March 2026, please provide the number of people who have been referred to the Diabetes Prevention Programme and remain on a waiting list to commence the programme, within your Health and Social Care Trust; and a breakdown of how long they have been waiting for:

As of 31 March 2026, there were 1,809 people waiting to commence the Diabetes Prevention Programme. No further breakdown is available for waiting times due to the system recording as 'live' waiting list numbers.

Please confirm if data is provisional, date of monitoring, and note where disclosure controls have been applied.

N/A

5. Funding allocated to Diabetes Prevention

Part 1

10 September 2026

How much funding is allocated by the Department of Health, to fund the delivery of the Diabetes Prevention Programme, in your Health and Social Care Trust each year, broken down by year:

Financial Year	DoH Allocation	Amount Available for Use
April 2022 - March 2023	£130,000	£36,724.41*
April 2023 - March 2024	Nil	Nil
April 2024 - March 2025	Nil	Nil
April 2025 - March 2026	Nil	Nil
April 2026 - March 2027	Nil	Nil

*The Department of Health allocation of £130,000 was received late in the financial year and consequently only £36,724.41 was available for use during 2022/23.

Part 2

Does your Trust supplement the funding specifically allocated by the Department of Health for delivery of the Diabetes Prevention Programme with other Trust funding to support diabetes prevention, and if so, how much additional funding is allocated, broken down by year:

Financial Year	Additional Funding
April 2022/ March 2023 -	Nil
April 2023/ March 2024 -	£47,672.59
April 2024/ March 2025 -	£53,394.00
April 2025/ March 2026 -	£62,367.94
April 2026/ March 2027 -	£17,959.50 *to June 2026

Please confirm if data is provisional, date of monitoring, and note where disclosure controls have been applied.

The Trust can confirm that the data is provisional due to changes in data collection systems and staffing arrangements. The data was extracted on the 7 August 2026. No disclosure controls have been applied.
