COVID-19 VACCINE

Belfast Trust is currently finalising plans to provide the COVID-19 vaccine to our staff in the coming weeks. This is in line with UK Government and NI Executive guidance stipulating HSC staff as high priority for vaccination.

It is crucial we plan our clinics appropriately to ensure everyone is able to receive both vaccinations. Please complete the [COVID-19 vaccination questionnaire](#) to ensure we can finalise these plans.

Belfast Trust staff will receive the Pfizer vaccine which requires two separate vaccinations a number of weeks apart. We will be issuing further guidance in the coming days on how you can book a time and venue to get your first vaccine.

The COVID-19 pandemic has impacted on every aspect of our lives for the past 10 months and placed considerable pressure on the health service. Whilst we are pleased to be at the point to commence vaccination we would ask staff not to become complacent and continue to follow public health messaging.

Hospital Dispensed Specialist Medicine

Specialist medicines dispensed by hospital pharmacy depts. will display on NIECR from **1st December 2020** onwards within a new tab in 'Medications'. Click [here](#) to access information for NIECR users which includes a screenshot and the main limitations to be
