Vaccine Ingredients, Deaths & Side Affects

FOI Request

After my findings. I would like you to official state what the full ingredients are in the covid 19 injections?

I would also like the numbers of deaths that has occurred since the roll out, with these vaccines? In the whole of the UK.

Please also give me the numbers of the people who have had severe side-affects from the covid 19 injections?

Please also send me proof that the virus has been isolated?

Trust Response

Please direct your request to the Public Health Agency, contact details below:
