

# Staff Briefing

## STOP THE SPREAD. TAKE THE TEST.

It's quick and easy.  
It doesn't hurt.  
It will protect others.

Belfast Trust is rolling out rapid COVID-19 testing for all staff.

### LAMP TESTING

## SAFER GAMBLING WEEK 2021

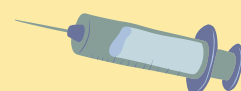

Safer Gambling Week 2021 runs from 1st – 7th November and is a campaign led by the gambling industry that aims to create a conversation with customers, staff and the wider public about safer gambling, driving awareness of: how to gamble more safely; the tools that are available to help people gamble safely all year round.

[Listen Here](#) to one of our staff, a member of [Gamblers Anonymous](#) share his story of hope and recovery.

If you want to find out more or if you or a loved one are affected by gambling, please [Click here](#) for a link to our B Well website and our range of resources to support staff and their families.

## #MEDSAFETYWEEK

This year's theme is on the importance of reporting suspected adverse reactions to vaccines.

The purpose of the campaign is to support awareness of reporting to the Yellow Card scheme. This #MedSafetyWeek, we call on all healthcare professionals, and especially those administering vaccines, national immunisation programme staff, vaccine recipients and their carers and families, and patient and healthcare professional organisations. Please report suspected adverse reactions following vaccination. We advise people not to wait for someone else to report their suspicions.
