

18 February 2022

## **Adult Safeguarding Investigations**

In a previous FOI (FOI/23862) you provided me with a breakdown of the number of adult safeguarding investigations that have taken place within your trust catchment area between January 2016 and December 2020.

You provided a Microsoft Excel spreadsheet breakdown for each adult safeguarding investigation with each of the following column headings for each incident.

- **Date investigation started (month/year)**
- **Care setting investigation originated from (e.g. nursing home, supported living setting etc.)**
- **Short description of why investigation initiated (e.g. alleged physical abuse, alleged sexual abuse etc.)**
- **Date investigation concluded**
- **Outcome of investigation (substantiated, not substantiated)**

Can you please provide me with the same tables with an extra column with the same info from January 2021 to December 2021.

Trust response: please see attached.
