Procurement and Engagement of a Private / Independent Ambulance Service Provider to the NHS in Northern Ireland

Please confirm the pre-requisites for procurement and engagement of a private/independent Ambulance service provider in Northern Ireland.

In particular, please confirm what is required in order to successfully enter into a contractual agreement/relationship with a Health Care Trust for the provision of privately provided ambulance services to the NHS in Northern Ireland.

The tender process for the Non-Emergency Ambulance Transport Contract is conducted on behalf of Belfast Trust by the Business Services Organisation's Procurement and Logistics Service (PaLS). Therefore, any request for procurement information should be sent to BSO.
