Complete Organisational Structure of Belfast Trust

Under the Freedom of Information Act, I am making the following request:

- **The complete organisational structure of the Belfast Trust - citing all directors, co-directors, service managers/heads of service (could the banding for each role be included beside it)**

The information requested is attached in two separate Excel spreadsheets.

Please note: The Belfast Trust Human Resources (HR) computer system does not record position titles. It records job titles, which tend to be generic (e.g. Admin & Clerical Band 8B or Nurse Band 8B). HR colleagues used local knowledge of Directorates and emails to staff to try to ascertain their titles (not everyone responded).

The attached list is a combination of both and, as such, is not entirely accurate but it should be as close to the structure as can be provided centrally.

- **I would also like the information to include all clinical directors for each medical specialty**

Directorate	Count of Position
