## **DOMICILIARY CARE PACKAGES**

**Would it be possible to request information using the most recent datasets held for:**

Please note this request involves three of our services, please find their responses below.

We had asked for clarification however we can provide the following from our Mental Health service which is based upon Commissioned Services within Mental Health Recovery Service

### **- The number of patients in receipt of domiciliary care packages in Northern Ireland**

Adult Community and Older Peoples Services (ACOPS)	Answer is 3716
Learning Disability Programme (LD)	Answer is 192
Within Mental Health Recovery (MH)	Answer is <b>205</b>

### **- The number of domiciliary care packages incorporating any aspect of medicines provision**

ACOPS	Answer is 1993, which is 54% of all packages
LD	Answer is 46
MH	Answer is 116

### **- The number of domiciliary care packages incorporating 'prompts' for medicines**

ACOPS	We are unable to answer this as the SPT only contains 'Medication' as a task and any further breakdown is free text, which doesn't come out on the report.
LD	Response is the same as above
MH	Response is the same as above

**25 May 2023**

**- The number of domiciliary care packages incorporating medicines administration**

ACOPS      We are unable to answer this as the SPT only contains 'Medication' as a task and any further breakdown is free text, which doesn't come out on the report.

LD            Response is the same as above.

MH            Response is the same as above
