Ulcerative Colitis and Crohns Patients

How many patients are presently being treated for UC or Crohns.

We are only be able to provide an estimate of our patient numbers – a conservative estimate is between 4000 and 5000.

This information is available publically via the IBD registry survey
There is not a database or registry in NI or within the trust and therefore are unable provide an exact response.

How many surgeries have taken place in relation to these conditions over the past two years?

During the period Sept 2021 to Aug 2023 140 surgeries were performed in relation to UC or Crohns.
