Use of biologic products in respiratory medicine

Q1. How many patients have been treated (for any condition) in the last four months with:

	Mepolizumab	Benralizumab	Omalizumab	Dupilumab	Reslizumab
May	56	35	27	12	1
June	19	32	3	1	0
July	9	7	0	2	0
August	9	9	1	0	0

Please note:

Patients attend the department every 2, 4 or 8 week intervals for their Biologic. Therefore, if they come in May they come back in the period required. We have recorded individual patients over this 4 month period.

Q2. Of the total patients treated in the last four months with any of the products listed in Q1, please can you provide the split of the number of patients in the following age groups:

- Age 6-11
- Age 12-17
- Age 18 and above

All attendees are aged 18 and over

Q3. How many patients have been treated in the last four months for asthma ONLY with Dupilumab.

15 Patients have been treated with Dupilumab for their asthma.
