

## **Midwifery Leadership - Organisational Chart/Structure for Maternity Services**

### **Question:**

The information we would like is your organisational chart or structure, as it applies to the maternity services that you provide. In particular, we are interested in the lines of management and accountability that exist between heads & directors of midwifery/chief midwives and the highest levels of management within your health board (including at board level) and posts to which heads & directors of midwifery/chief midwives report. Please also include all roles that sit within the maternity services you provide including specialist midwife roles (e.g. smoking cessation specialist midwives) and any other posts not within maternity that report to heads & directors of midwifery/chief midwives.

### **Response:**

See organisational chart below
