## Patients who have been prescribed antidepressants

1. The numbers of patients who have been prescribed antidepressants in the following years after a phone consultation.

2018	2019	2020	2021	2022	2023 (SO FAR)

The information requested is not held by Belfast Trust. The prescription of antidepressants after a phone conversation would be through a GP

2. The numbers of patients who have been prescribed antidepressants in the following years after one GP consultation regarding their mental health.

2018	2019	2020	2021	2022	2023 (SO FAR)

The information requested is not held by Belfast Trust. This is for primary care practitioners (GPs) to answer.
