Sleep Apnoea

Waiting time information regarding those diagnosed with Sleep Apnoea, and awaiting treatment.

Current sleep diagnostic waiting time: 12 weeks
Current CPAP treatment waiting time: 6 weeks

If this can be broken down into severity levels of the condition, it would be appreciated.

Sleep diagnostic waiting time:

Routine: 12 weeks
Urgent: Less than 4 weeks

CPAP treatment waiting time:

Mild-Moderate OSA: 4 - 6 weeks
Severe OSA: Less than 4 weeks

Total numbers of those waiting would also be appreciated.

Current total number of patients awaiting sleep diagnostics: 353
Current total number of patients awaiting CPAP treatment: 13
