

**23 July 2024**

## **Enoxaparin Injections**

**In 2023, of all the patients receiving enoxaparin, how many of them followed the posology of receiving injections once a day? And how many received injections twice a day?**

The pharmacy ICT system would not hold this information as it is in essence a stock management system.

The information requested is not collated centrally and an extensive trawl of patient notes would be required. We estimate that compliance with this request for information would exceed the appropriate costs limit. Under Section 12 of the Freedom of Information 2000, the limit has been specified as £450 and represents the estimated cost of one or more persons spending 18 hours in determining whether we hold the information, locating, retrieving and extracting this information.
