## **Reports Regarding Safeguarding Issues at Aisling House, Glenmona Resource**

**Please could you provide information reports regarding safeguarding issues pertaining to Aisling House in Glenmona Resource Centre prior to the BHSCT takeover in 2016?**

Belfast Health and Social Care Trust do not hold information relating to safeguarding matters for the Glenmona Resource Centre prior to the centre moving into the Belfast Trust in 2016.

Corporate management and governance responsibility for Aishling House and the Glenmona Resource Centre prior to 2016 was with the Diocese of Down and Connor and the enquiry should be made with that Diocese.
