

**11 November 2024**

## **Disaster Recovery**

### **1. Copies of any disaster recovery plan or strategy document that the Trust holds.**

Belfast Trust have a Business Continuity Framework which is a rebuilding strategy framework. We also have an overarching Integrated Governance Assurance Framework.

Both of these documents are exempt from release under Section 38 of the FOI Act which relates to Health & Safety.

Section 38 is a qualified exemption and we have fully weighed up the public interest for and against disclosure.

You can read more about Section 38 [here](#).

Parts of Section 31 and Section 43 would also be applicable.

### **2. Copies of any commitments to produce such a document or strategy by Trust leaders, including the date(s) the commitments were made and the date by which the plan is to be completed.**

Belfast Trust already have the associated documents in place, as outlined in the response to Q1 so this questions becomes not applicable.
