

Daily Covid19 Update to SLG – 18th October 2021

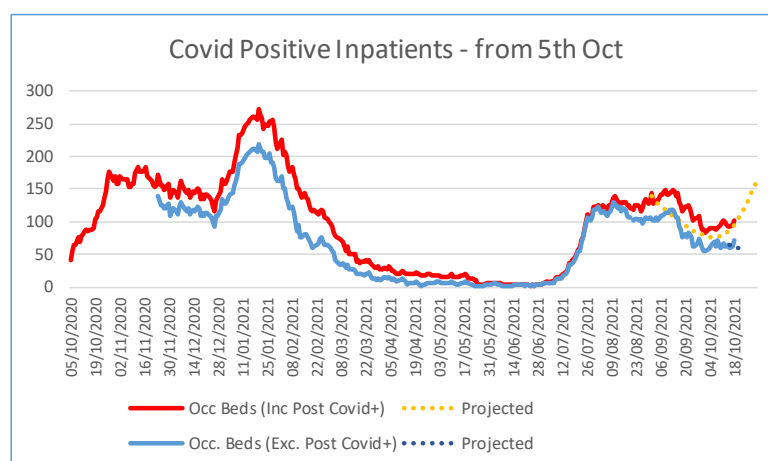

The Charles Vincent Daily Safety Huddle SitRep contains a wide range of data and is available on the Senior Leadership Group Teams Folder.

A summary of six key pieces of information relating to hospital inpatients, numbers of patients in Intensive Care, numbers of care homes in outbreak, workforce pressures, vaccination programme and PPE daily stock levels is set out below;

1. Covid19 positive (+) and Post-Covid19 Hospital Inpatients

Today, **71** Covid19+/clinical Covid patients are in our hospital wards and there are **31** patients post-14 days, in hospital. In total, **102*** Covid19 related patients remain in hospital. The current Covid19 related inpatient levels have reduced slightly over the past few weeks. Today's number in hospital equates to **38%** of the total at the peak of Surge 3 on 20th January (272). The graph displays both current and post-Covid19 patients.

** Due to the potential for individual patients to be identified where there are less than 5 patients likely to be escalated the exact number will not be provided.

3. Community

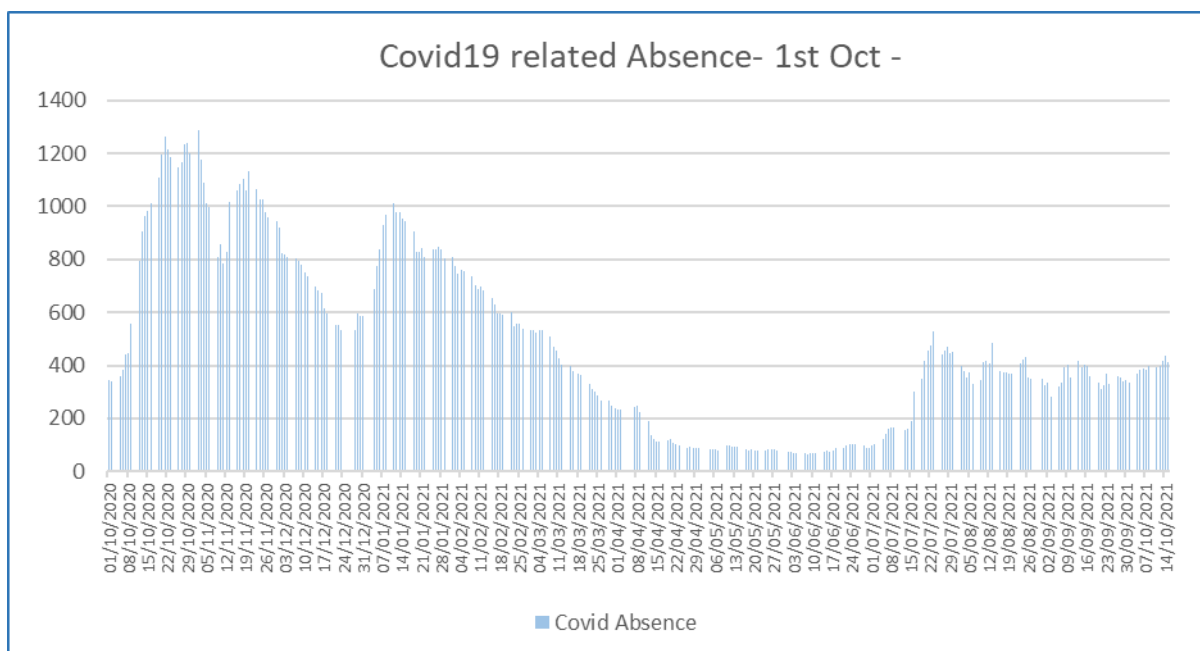

We have 89 care homes in the Belfast Trust area, caring for over 2,200 residents.

As at Sunday 17th October, we have **15** care homes with a confirmed outbreak – **11** in amber status and **4** in red status. (A increase of 3 in amber and decrease of 1 in red since last report)

4. Workforce

As at Friday 14th October, **412** staff are off work with Covid19 related issues, which is significant given that on top of these absences we have ongoing workforce challenges because of high vacancy levels within the Trust. The same day **last week**, we had **399** staff off work with Covid19 related issues. Today sees an increase of **3%** compared to the same day last week.

Please Note: Data reported Mon-Fri only

5. Vaccination programme

The Trust vaccination programme commenced before Christmas, continuing throughout the Christmas period and into 2021.

The table below shows the vaccination activity for the most recent 7-day period, and the cumulative total so far. Nursing and Care home residents, wards and day care facilities and staff, Walk-in clinics, Covid19 Vaccination centre numbers and wasted dose numbers are provided. The daily number of vaccinations carried out averaged over 1,130 in April, 860 in May, 830 in June, 570 in July, 640 in August and 377 in September. The total number is over **239,000**. Over 11,500 vaccinations have been carried out at the mobile unit. *Please note the commencement of the Flu Vaccinations from Mon 11th Oct.*
